Art Direction, Creative Production, Movement & Directing

About Me

I am a multidisciplinary artist. I write, direct and perform in films, which are displayed in installations with automated lighting and sets. My films include set design, performance, choreography, costume design and music.

Outside of my art practice, I work as an Art Director, Creative Producer and Director/ Movement Director for projects in film, fashion and events. I also have experience working with Brand Partnerships and Public Relations.

I have excellent organisational and communication skills, with a highly resourceful, adaptive and creative approach to my work.
