DAISY KING

PRODUCTION BUYER - Represented by Art Department

Daisykingprops@gmail.com

www.daisykingdesign.com

After 5 years of working freelance in the Art Department for commercials and in TV, I am motivated to progress my career in the world of TV and Film. I hope that my set dec and assistant art directing experience so far along with my passion for the set dec department and my proficiency in budgeting, purchase orders and relationships and knowledge of the prop houses across London will make me a useful member on a team. I have already learnt a huge amount about the fast paced turnaround and the commitment it takes in this industry, so I am now looking for a step up and responsibility that I am confident I can take on.
