TEO ALLEN CORSBIE
ART DEPARTMENT + PROPS

ABOUT:

I'm a London-based Props Assistant with three years of full-time experience working predominantly in high-pressure commercial environments.

Working across branded campaigns for major agencies and production companies, I support the Art Department in all things on set. Whether that be supporting Production Designers source materials and props, to being Prop Masters right hands.

Commercials are my bread and butter, while long-form first sparked my interest in the industry and continues to shape how I approach the craft.

KEY SKILLS:

- Knowledge of how to use power tools
- Assisting with hero prop preparation and standby
- Tracking continuity during multi-take setups
- Adaptability and excellent problem-solving skills

OTHER TAKEAWAYS:
Full UK driver's license and own vehicle, along with a well-stocked personal kit that I bring to every job.
